## **PRELIMINARY MAY 2008 DATA NOTIFICATION**

BellSouth Telecommunications, Inc., d/b/a AT&T South Carolina (“AT&T South Carolina”) provides Data Notifications each month in compliance with the SQM Plan. The SQM specifies that when AT&T South Carolina proposes making any changes to the methods by which performance data is calculated, it must provide written notice. This notice must be provided on the first business day of the month before the data month in which the change will be made. AT&T South Carolina must also provide notification if it is considering making changes to the method of calculating data for the following month.

ENCORE Releases may affect monthly data flows from the source systems (e.g., LEO, LESOG, etc.) that PMAP uses to calculate measurements. AT&T South Carolina will make changes to PMAP to ensure that data continues to be correctly captured as ENCORE Releases are implemented.

System releases related to the merger between BellSouth and AT&T may affect monthly data flows from the source systems that PMAP uses to calculate measurements. AT&T South Carolina will make changes to PMAP to ensure that data will be correctly captured as system changes are implemented.

**\*\*\* There are no changes for the May 2008 Preliminary Data Notification Report. Therefore, the Industry Conference Call scheduled for March 10, 2008 has been cancelled. \*\*\***

There is one additional matter that BellSouth Telecommunications, Inc., d/b/a AT&T South Carolina (“AT&T South Carolina”) would like to bring to the attention of the Commission and the parties.

In its July 2007 Data Notification filed on June 1, 2007, AT&T South Carolina provided notice that it would modify PMAP to capture the latest version of the LSR for orders by performing additional lookups. Although AT&T South Carolina expected to make this change with August 2007 data, it will be implemented with February 2008 data instead. (RQ9033)
